

Softcare Oven Cleaner 500 ml

WATER BASED OVEN CLEANER

Softcare Oven Cleaner is a new cleaner which efficiently cleans burnt fat from ovens. The product has been designed using a new Softcare technology, and it is safe, efficient and environmentally friendly to use. The new Softcare technology is based on a unique invention that dissolves fat and other dirt without using solvents, and it is more efficient than traditional cleaners. The new consistency provides this effect. The cleaner is water-based and does not harm surfaces.

Usage: Spray foam on the cooled oven surface and let it work for about 15 minutes before wiping off the dirt. If the dirt still sticks to the surface you can repeat treatment until clean.

Usage: Spray surface evenly and let dry 2 h in room temperature before use. Perform treatment in a well ventilated area or outdoors. Repeat treatment when necessary. Not suitable for faux leather or plastic.

VAARA / FARA /
HAZARD / OHT
