

# Softcare Wood and Plastic Cleaner 500 ml

## Softcare Wood and Plastic Cleaner 500 ml

Softcare Wood and Plastic Cleaner effectively removes pollen, soot and other dirt from wood and plastic furniture.

Spray on surface and let work for about 10 minutes and then clean with a brush or sponge. Avoid direct sunlight so that surface does not have time to dry too fast. Rinse with plenty of water. Let dry thoroughly before further treatment. Environment friendly; does not harm the lawn. Contains 500 ml.
