Products for shoes

Softcare Shoe Protector

Soft care Shoe Protector is an effective solution for keeping the surface of your shoes dry and clean with a long lasting effect. You can use it on textile shoes and all kinds of leather, except artificial leather. It keeps your shoes have new-looking and easy to wipe clean. It doesn't effect the colour, feel or any other properties of the material. You can use Softcare Shoe Protector also on multilayer materials. Spray evenly on a dry, clean surface. Let dry for 2 hours at room temperature before use. On a surface leather, spray first the Soft care Shoe Protector and then use shoe polish. Available in 300 ml and 100 ml spray bottles.

Softcare Shoe Refresher

A new type of chemical refresher that does not only cover unpleasant smells but instead breaks down the source of the smell. Effective and long-lasting on all kinds of organic smells. Suitable for shoes, sport equipment, bags etc. Spray directly on the source of the smell and let dry. Does not contain allergenic perfumes. Package: 100 ml spray bottle.

Softcare Shoe Wax

Softcare Shoe Waxes are based on beeswax and natural oils. Gives a long lasting shine and nurtures the leather, helping it maintain it's natural softness. Can be used on all leather shoes, bags, saddles etc. Three colours: black, brown and colourless. Apply with help of a sponge, a very thin layer at a time. Gives a brilliant shine without polishing. Package: 100 ml jar with sponge.

Products for clothes

Softcare Textile Protector

Softcare Textile Protector is an excellent finishing product for garments, jackets, outdoor wear and accessories. It forms a highly effective molecular shield around fibres to guard against water and virtually all kinds dirt. You can use Textile Protector on all kinds of fabrics from the most lavish silks to the toughest wools and cottons and all manmade fibres and their blends. Softcare Textile Protector doesn't change the feel, colour or other properties of the fabric. With one 500 ml bottle you can protect 3 – 5 m². It makes fabrics easy to take care of. Easy to use also on technical and multilayer materials as it does not change the properties of textiles.

Protection works against both oil and water based dirt. It keeps you dry even in a drizzle. Shake well and spray evenly on clean, dry surface so that the fabric becomes evenly moist. Let dry for two hours before use. Renew treatment when the surface does not repel water anymore. Available in 300 ml and 500 ml bottles, ready to use.

Softcare Stain Removers

Softcare Stain Remover removes effectively any kinds of stains, old and new. Suitable for all textile materials. Removes oil, grease, blood, coffee, chocolate, wine and grass stains. Contains no bleach or other dangerous components. Spray on the spot and let work for a few minutes, then wipe away with a moisturized terry towel. Contains 100 ml. Also available special Softcare Wine Stain Remover and Softcare Ink Stain Remover for difficult stains.

Softcare Odour Control

Softcare Odour Control is a new generation product that removes unpleasant odours from all kinds of textiles and leather. Can be used against animal odours, cigarette smoke and other disturbing odours. Spray directly on the smell and the product breaks down the source of smell. Effective for all organic smells, safe to use, non allergenic and easy to use. Contains 300 ml.

Softcare Antistatic

Softcare Antistatic removes static electricity effectively. It can be used on synthetic fibers and all textiles. Static electricity collects dust and causes unpleasant electrical discharges. By treating your clothes with Softcare Antistatic they will stay antistatic for a long time. Easy to use and effective. Contains 300 ml.
